2. (Unclassified - GLC) Hand carried to Senator Richard B. Russell, Representative Clarence Cannon, and Representative Carl Vinson the Director's letter to them on the subject of THE WASHINGTON POST editorial today entitled "The CIA Again." These were left with our committee staff contacts.

3. (Unclassified - GLC) Mr. Le Clair in the office of Congressman Bernard F. Grabowski (D., Conn.) called and asked for such information as I might give him concerning the Agency's activities in Viet-Nam. I advised Mr. LeClair of the Agency's policy not to comment on newspaper articles alleging certain activities by the CIA. However, I referred him to the President's comment on this matter in the Huntley/Brinkley interview with him on 9 September. I also advised him of our relationships with our Subcommittees of the Congress. I told him that beyond this I regretted I was unable to provide further comment. LeClair did not press the matter further.
